Accessories:

Magnet set

To attach the Ultra2/3 to a metallic (magnetisable) surface. Powder-coated bracket of sturdy 3mm. Stainless steel with two round magnets. The magnets have a flexible connection to the bracket allowing the use on an uneven surface. Four countersunk stainless steel screws M6 x 20 included.

Leather Pouch

Only climb a ladder with two hands free, and carry the lamp in the custom made leather pouch on your shoulder.

Full grain leather of 2.5 mm. including leather strap. Buckles and metal parts in stainless steel. Side pocket for charger.

Sub frame

As a standalone item the sub frame helps to position the light towards the object: it gives the possibility to tilt the lamp up to even 270°. Adjustment to the desired angle through one knob: easy operation even with gloves on.

Tripod

To be combined with subframe 6960416. Height adjustable from 1,38 m. to 2,50 m.

Scaffolding hook

To secure the Ultra2/3 on a horizontal bar.

Shockproof case

Carry all you need in one case
